## Engineering & Construction

[www.mcpgrouppr.com](http://www.mcpgrouppr.com)

Given the recent devastation from Hurricane María, businesses and organizations throughout the island are looking for ways to resume operations as quickly and efficiently as possible. Providing integrated turnkey design-build solutions and years of expertise, MCP Group LLC is the best option for companies of all types and sizes. Within five days of Hurricane María's passing, MCP Group's 90+ professionals were already working with clients – assessing damages, and designing and reconstructing their facilities to ensure minimal downtime.

## RELIABLE INTEGRATED EXPERTISE TO FASTTRACK ANY PROJECT

With more than 60 years of combined domestic and international experience in design, engineering, architecture, construction, project management and consulting, MCP Group has incorporated the experience of Entech PR's well-known design professionals to uniquely integrate a wide range of skills, creating a comprehensive all-inclusive approach that not only entails all facets of the design, engineering and construction processes (for both interiors and exteriors), but ensures a streamlined approach that is not only seamless and fast paced, but cost effective and on budget as well.

## DESIGN-BUILD SERVICES AIMED AT MEETING ALL POST-MARIA NEEDS

Whether your facility needs a complete overhaul or partial restoration, we offer a number of services that can either be strategically integrated or provided separately. These include:

- General Construction Services

- Reconstruction Services

- Damage and Mitigation Control

- Mold and Humidity Assessments and Control

- Full A/E Services

- Construction Management

We also provide our services to insurance companies, and work closely with them to produce the necessary assessments in order to effectively respond to their clients coverage claims.
